

Facts and Figures

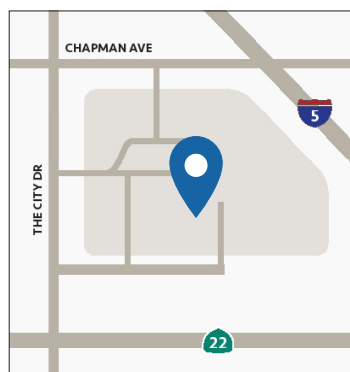

UCI Health comprises the clinical enterprise of the University of California, Irvine. The medical center is a 417-bed acute care hospital providing tertiary and quaternary care, ambulatory and specialty medical, behavioral health and rehabilitation services. It is the primary teaching location for UCI School of Medicine.

Other centers of interest:

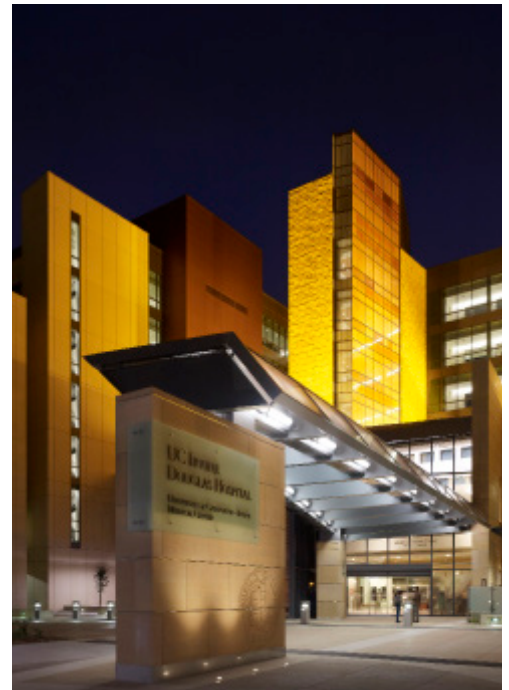

- Chao Family Comprehensive Cancer Center
- H.H. Chao Comprehensive Digestive Disease Center
- Neuropsychiatric Center
- Regional Burn Center
- Region's only Level I trauma center and Level II pediatric trauma center
- Region's only high-risk perinatal/neonatal program and maternal-fetal transport system

Highlights

- Chao Family Comprehensive Cancer Center is one of 51 National Cancer Institute (NCI)-designated comprehensive cancer centers in the United States and the only one in Orange County.
- Nearly 170 physicians are recognized as "Physicians of Excellence."
- *U.S. News & World Report* listed UCI Medical Center among America's Best Hospitals for the 19th consecutive year and No. 10 in California for 2019. Our programs in gynecology, digestive disease and GI surgery, and geriatrics gynecology, gastroenterology and GI surgery, and geriatrics are rated among the top 50 nationally.
- Joint Commission awarded disease-specific certification for the UCI Health Heart Failure Program.
- Earned The Leapfrog Group's "Top Hospitals" recognition and 12 straight 'A' Hospital Safety Scores.
- Joint Commission renewed certification of Orange County's first Comprehensive Stroke Center, an advanced designation reserved for hospitals able to receive and treat the most complex stroke cases.
- UCI Medical Center is Orange County's first hospital to receive American Nurses Credentialing Center Magnet Recognition for nursing excellence.
